

Supported by:

Federal Ministry
for the Environment, Nature Conservation,
Building and Nuclear Safety

based on a decision of the German Bundestag

OECS ECMMAN Livelihoods Support Fund (LSF) Facility

Request for Applications

Eligible groups, organizations, individuals and small or micro businesses are invited to apply and submit concept notes for grant funding of up to **EC\$50,000.00**

The LSF provides support for the undertaking of livelihood activities and micro enterprises that would impact positively on the **Pointe Sable Environmental Protected Area (PSEPA)**

Organizations or individuals interested in applying for funding support under this LSF facility should contact the Department of Fisheries for more information and or copies of the eligibility criteria, application form and concept template.

Documents may also be downloaded from <http://cirp.org.tt/cnfo/index.php/st-lucia>

Project / business concepts must meet the relevant criteria in order to be favorably considered.

All completed applications and concept notes must be received on or before **22nd September 2014**
